

LEAD RRP CLASS

Date: Thursday 11/9/2017

Time: 8:00—5:00

HBA of South GA

3380 Greystone Way

Course Fee: \$300.00 members
\$350.00 non-members

As of December 9, 2010 Firms and Individuals must now be Certified by GA EPD to work in Georgia. You must attend a Certified Renovator class and certify both your company and an individual with GA EPD. Failure can lead to GA fines of up to \$10,000, Federal EPA fines up to \$32,500 along with possible criminal action.

This 8-hour accredited course will train you in Lead Safe Work Practices with lecture and hands-on training. Course booklets, Georgia application forms, EPA application forms, and all required documentation will be available to the class.

EPA's Renovation Repair & Painting Final Rule (40 CFR 745) requires that renovations conducted for compensation, must be performed by Certified Firms using Certified Renovators.

Georgia EPD requires Certification of both Firms and Renovators in the GA Rule Chapter 391-3-24.

Qualifies for 8 CEU Credits
