Brian P. Kemp

CHANGES REGARDING Continuing Education for Residential Contractors in Georgia for the 2014 Renewal

Important Information Regarding Continuing Education
For Residential-Basic and Residential-Light Commercial Contractors

Please be aware that Board Rule 553-12-.02 (Continuing Education-Residential, Amended) was recently adopted by the Residential Contractor Division of the State Licensing Board for Residential and General Contractors. It will become effective on May 10, 2011. You may access the amended rule in its entirety at <http://sos.georgia.gov/plb/contractors/Notice%20and%20S&D%20553-12-.02%20March.pdf>.

The language below is an excerpt from the amended rule:

(a) For the 2014 renewal and thereafter, an applicant for renewal of his or her residential license must have completed 3 hours of acceptable continuing education each year for a Residential Basic license and 6 hours of continuing education each year for a Residential Light Commercial license, with a year being July 1st through June 30th.

Please note that the requirement for the 2014 renewal and subsequent renewals will require 3 or 6 hours, depending on your license type, **during each year of the two year licensing period.**

You will receive notice if you are selected for CE audit or if the Division requests proof of course completion. **Please maintain records of courses completed so that you may comply with such audits or requests.**

**Continuing Education for Residential Builders in
Georgia CEU Courses Will Be Offered By The
HBA!!!**
